

Statement

According to the ECPM Statutes of 22 June 2017, article 17.5, "In the general assembly each member party has three votes and **every individual member has one vote**. Every associate body has one vote. The number of votes by individual members and associates can only make up for forty-nine percent (49%) of the total votes. If the votes of individual members exceed forty-nine percent (49%) of the total votes then the chairman of the association (or his substitute) is allowed to determine an alternative division of the votes that ensures that the individual members will receive forty-nine percent (49%) of the total votes."
